**RE: Bylaw 793 – OCP Amendment-Light Industrial Zone, 2006**

The Ministry of Transportation has no objection in principle to the above noted OCP amendment, but offer the following comment:

#2 - under Policy 3.3.2.6

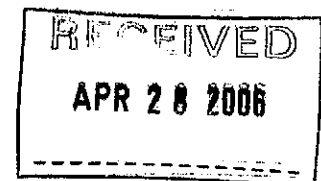

You may wish to include wording that in considering rezoning of existing buildings, the applicant should also demonstrate that the traffic to be generated from the amended use will not create safety hazards or have a negative impact on the Arterial (Highway #3).

If you have any questions, please call.

Yours truly,

Donna Fitzpatrick  
District Development Technician
